

## **Paul Bistline**

President and CEO

Medical Technique Inc.

Paul graduated from Boise State University in 1993. Immediately upon graduation he was employed by Micron Technology. Working for Micron, Paul traveled to different facilities in the United States and Asia as part of their production expansion efforts. Paul was also instrumental in the due diligence and global integration teams when Micron acquired Texas Instruments DRAM production facilities. Paul moved to Singapore in 1999 as project manager for Micron's \$100+ million testing and assembly facility. Paul set up a manufacturing company in Vietnam in 2015 in order to sell his products to Southeast Asia and India markets. Paul currently owns and operates a privately held medical packaging manufacturing business with locations in Mexico, Vietnam and the United States.
