

### **Allen Coggins – Bio**

Allen Coggins is an inventor and leader in the realm of heating technology and innovation, with over 25 years of hands-on experience. He is the co-founder, with his wife, of Thermasi, where he spearheads the design and construction of the COCOON Family brand of Thermal Mass Furnaces, Energy Pods, and Mobile Sterilization Chambers.

Allen successfully completed two 4-year apprenticeships in the HVACR (Heating, Air Conditioning, Ventilation & Refrigeration) field. He is a Mason and President of the Moolah Mount Lancers at Shriners. Allen supports causes such as animal welfare, children, and the environment. When he's not revolutionizing the HVAC and energy landscape, he finds solace in nature, whether it's riding his horses or enjoying quality time with his family outdoors.
